

BELL TELEPHONE LABORATORIES

CERTIFIES THAT

Amos E. Joel Jr.

HAS CONTRIBUTED TO VICTORY IN THE
SECOND WORLD WAR
THROUGH HIS WORK IN THE LABORATORIES.

While continuing to assist the Bell Telephone System in the maintenance of essential communications, the Laboratories concentrated on research, development, design and engineering for The United States Army · The United States Navy Office of Scientific Research and Development.

IN RECOGNITION OF THEIR ACHIEVEMENTS, THE MEN AND
WOMEN OF THE LABORATORIES FIVE TIMES RECEIVED
THE ARMY-NAVY PRODUCTION AWARD.
